

Slovenia, August 24, 2024.

Dear all,

Since you have not yet responded to our invitation for free membership in the European Beekeeping Association, we would like to convey to you our thoughts on this matter. We understand if you do not want to participate in the work of EBA despite the free membership, and we understand that you may be a member of other organizations in which you are active.

On the other hand, we are convinced that by now you have been able to see the way we work and the penetration with which we have already achieved significant results, so please join for free and at least in this way support our intensive efforts to significantly improve the position of beekeeping.

None of you are asking to participate in the work if you don't have the time or opportunity, but together we will be stronger in activities for the benefit of beekeeping.

Joining is simple:

1) it is necessary for the authorities of your association to agree to accept our Statute (<https://ebaurope.eu/wp-content/uploads/2024/08/Copy-of-the-EBA-Statute.pdf>), in the free form of the Confirmation:

2) to fill out the Application form (<https://ebaurope.eu/wp-content/uploads/2024/08/APPLICATION-FORM-FOR-BEEKEEPING-ASSOCIATION.pdf-22.04.2024-1.pdf>).

And that's all.

The responsibility to your members that you bear as beekeeping leaders of Europe requires you to act in the interest of beekeeping and the welfare of all beekeepers.

Join our big family for the common good of all beekeepers in Europe!
